Staff Recommendation: That the Governing Board adopt the attached resolution authorizing application to the Santa Monica Mountains Conservancy for a term extension and augmentation of grant agreement SMM-0482 for interpretation of land, air and water resources at Upper Las Virgenes Canyon Open Space Preserve, Temescal Gateway Park, Franklin Canyon Park, Mentryville, Towlsey Canyon and Ramirez Canyon.

Background: This resolution would authorize an application to the Santa Monica Mountains Conservancy for an augmentation of \$550,000 of Proposition 40 funds for the continuation of public programs interpreting the land, air and water at Upper Las Virgenes Canyon Open Space Preserve, Temescal Gateway Park, Franklin Canyon Park, Mentryville, Towsley Canyon and Ramirez Canyon. It would also extend the term agreement of grant SMMC-0482 to June 30, 2008.

The MRCA has provided interpretive services on parks under the jurisdiction of the Conservancy for over 17 years and has demonstrated an expertise and specific knowledge of that parkland. All programs will target regional audiences from our city's most impacted urban areas. The attached grant agreement spells out the specific scope of services that will be provided, including:

3. Interpretation of land, air, and water resources at Mentryville. This program directly relates to the Park's unique geology and natural resources. Interpretation will focus on endangered species, ecology, watersheds, conservation, geology, biodiversity, Mediterranean ecosystems, wildlife corridors, and fire ecology.
4. Interpretation of land, air and water resources at Towsley Canyon. This program directly relates to the Park's rich natural resources. Interpretation will focus on endangered species, ecology, watersheds, conservation, geology, biodiversity, Mediterranean ecosystems, wildlife corridors, and fire ecology.
